WATER DEPARTMENT OFFICIAL

REQUIREMENTS FOR IRRIGATION METER:

(1) The purchase of the consumption meter and MXU reading system is the responsibility of the property owner and shall be purchased from the City of Norwalk. The fees associated with an irrigation meter installation include: **\$200.00 for a ¾" meter or \$300.00 for a 1" meter.**

(2) A meter setting will be constructed at the property owner's expense in accordance with the existing plumbing codes of the City of Norwalk. Contact the building department at 981-0228 x. 222 for applicable permit and inspection details.

(3) After the meter setting is complete, the City of Norwalk Water Department will set the consumption meter and connect the MXU to the outside receptacle mount. Contact the water department to make arrangements at 981-0228 x. 231.

SEQUENCE OF EVENTS:

- A. Application to the City of Norwalk and payment of fees as shown above.
- B. Hiring of a bonded and licensed plumber to construct the meter setting. The meter setting shall be connected so that water DOES NOT go through both meters (no deduct meters).
- C. Inspection of the meter setting and installation of meter by the City of Norwalk.

Meters will be read each month and homeowner will be billed accordingly; there is a minimum fee of \$5.00. Sewer rate will not be charged on this meter only.
